

How does your NED measure up?

Non-Executive Director Reward and Benefits Report.

As the premium provider of remuneration surveys in Jersey, Guernsey and the Isle of Man for all levels of staff and executives, Hassell Blampied Associates will be publishing the fifth edition of their Channel Islands Non-Executive Directors Survey in February 2012 to complement their existing surveys.

This report will provide sound and reliable information on all aspects of the rewards and other benefits that apply to Non-Executive Directors working in the offshore islands. The content includes amongst other areas, fee rates, benefits, appointment basis, roles and demographics and while not restricted to any particular sector, will enable the identification of differences between the types of business in which the Non-Executive Director is involved.

The survey covers Non-Executive Directors who are working for the organisation or alternatively on behalf of that organisation's clients and their corporate structures, eg: funds, private equity, pension or any fiduciary structure.

For reasons of confidentiality, only participating organisations that supply data will receive the report.

If you would be interested in participating, please contact Lesley Harrison for further information on 01534 750100 or email: lesley-harrison@hassellblampied.com
