

JERSEY FINANCE

Are you the vital link?

Technical Director

Due to the current post holder leaving, Jersey Finance Limited, the promotional body that represents Jersey's Finance Industry and promotes the Island as the international offshore finance centre of choice on the worldwide stage, seeks to appoint a Technical Director who will lead the delivery of Jersey Finance's technical services to its Members.

The role of Technical Director acts as the link between the Industry, the States and the JFSC to ensure that appropriate levels of communication, advice and guidance are offered and available on relevant industry matters.

Reporting to the Chief Executive, the role will be responsible for:

- Ensuring that communication on legislative and regulatory issues between the Finance Industry, Government and the JFSC is managed effectively and proactively to represent and influence the best interests of the Finance industry as a whole.
- Assisting in the identification of strategic plans for developments on legislative and regulatory matters by drawing together the perceived needs of the industry from all sources.
- Representing the Industry (with others) in discussions with Government and the JFSC on the development of legislation and regulation to meet the changing and developing needs of the Finance industry.
- Establishing a close working relationship with Industry working groups and Trade Associations to ensure that a regular exchange of information is maintained so that the needs of industry are understood and may be properly represented.

This position demands that applicants will be professionally qualified and with at least five years in a senior position within the Finance industry, ideally having a broad understanding of the key technical issues currently affecting the financial services sector in Jersey. Interpersonal, communication and presentation skills will need to be of the highest order in relating to all levels of the industry, government and regulator. The ability to assimilate complex issues facing the industry and representing these in ways that achieve desirable results for the industry are essential.

Applicants should apply personally to Bob Hassell for a confidential discussion about the position:
